Media Release, 6 May 2009

HOPE encourages a *low carbon diet*

Toowoomba based Householders' Options to Protect the Environment (HOPE) aims to raise levels of awareness and participation in waste minimization and energy conservation. Recently awarded a grant by the Queensland Government, HOPE is now encouraging Toowoomba residents to take on a *low carbon diet*.

Frank Ondrus, President of HOPE Queensland says the *Low Carbon Diet* program is already rolling out in Toowoomba with a series of information displays throughout the region. "These displays will help people learn how to make easy changes to everyday actions to reduce their carbon footprint," Frank says. "We are actually offering people simple tips for saving energy, money and the environment."

HOPE will have information displays at the following locations during the months of May, June and July:

- 24 May – Natural Resource Management Week, Queen's Park, Toowoomba
- 31 May – World Environment Day, Lake Annand Park, Toowoomba
- 3 June – USQ Market Day
- 6 July – Grand Central Shopping Centre, Toowoomba
- 7 July – Kmart Shopping Centre, Toowoomba
- 8 July – Clifford Gardens Shopping Centre, Toowoomba

Further information about the displays and exhibitions and their locations is available online at www.hopeaustralia.org.au or by phoning 07 4639 2135. Other organisations, such as Queensland Conservation, Toowoomba Regional Council and University of Southern Queensland are also supporting HOPE's *Low Carbon Diet* program.

Further information about HOPE's LCD Project is available at the HOPE office by phoning 4639 2135 or email office@hopeaustralia.org.au .
