## MEDIA RELEASE

Tuesday, 23 June 2020

### Re: Invitation to Partner with HOPE

Householders' Options to Protect the Environment (HOPE) Inc. is keen to link up with more like-minded environmental NGOs and others.

“Our success to date has been built on the good will of our partners,” says Mr Frank Ondrus, HOPE Inc. President. The support HOPE Inc. has received, with access to expertise and resources, has been critical to undertaking an ever-broadening range of environmental pursuits.

“Our partners include several key environmental organisations in Australia and overseas. We are committed to supporting each other”, says Mr Ondrus. The Partnership/Alliance program has ‘full membership’ and ‘associate membership’ available for those that wish to partner with us.

“Our mission is simple, yet ambitious, and we have made great gains so far. But to keep this momentum going, we need to continue building our relationships with more like-minded organisations and others”. Mr Ondrus urges everyone to get in touch at the earliest convenience, with contact details for any organisations that may be interested in partnering with HOPE Inc.

For information about the Partnership/Alliance program, check our website out here:
