The Peoples Climate Marches ... come and join us! -- November 2015

Be a part of a broad and diverse coalition organising People's Climate Marches (rallies) around Australia on the weekend of 27-29 November 2015, just before world leaders gather at the UN climate talks in Paris.

Over that weekend, People's Climate Marches will take place in hundreds of major cities around the world, with the goal of creating the largest mobilisation the world has ever seen. In Australia, we want to show just how diverse, beautiful and resilient our movement is. Events are being planned for Melbourne, Sydney, Brisbane, Adelaide, Perth, Canberra and Hobart as well as smaller cities and towns around the nation.

People motivated to care for people and protect nature will come together for many reasons – for climate justice and a safe climate, to respond to the moral challenge of climate change, for renewable energy and jobs in transition to the clean economy.

The People's Climate Marches have an organising committee in each city and, here in Queensland, AYCC and QCC are taking the lead with support from TWS, AMCS and ACF – other groups are joining us too. There is a national website, common key messages and resources and hopefully have some lead-up events to help build public engagement and strengthen our organising capacity

Please contact our Community Organiser if you would like to be involved in organising this extremely important rally, kirsten.macey@qldconservation.org.au

For further information and/or to reserve your seat at the community forum on Saturday 7 November, please contact the HOPE office on ph: 07 4639 2135 or email: office@hopeaustralia.org.au .
