MEDIA RELEASE

Calling new members, supporters and volunteers: Help make sustainable living easy with H.O.P.E.

Householders' Options to Protect the Environment (HOPE) Inc. is looking to strengthen its network of members and volunteers. A growing number of Australians want to do more for our environment, but aren't sure where to start.

HOPE brings it all together, in a way that makes sense and is achievable.

Join today to get the tools you need to adopt simple, sustainable living practices, or volunteer with us – *all are welcome!*

Becoming a member of HOPE is free, and you can join as an individual, family, business or community organisation. We welcome supporters from all over Australia.

How can we help?

HOPE looks at current environmental issues – big and small – and transforms them into simple, practical solutions that everyone **can do** to make a difference.

HOPE offers simple steps to think about our environmental footprint and live more gently on Earth. We provide:

- updates and explanations about current environmental issues, helping you to take notice of the big picture;
- resources, workshops, meetings and practical suggestions about sustainable living, helping you to take action as an individual; and
- a passionate community of like-minded people and contacts, helping you to lead by example.

Becoming an active member or volunteer for HOPE is the perfect way to 'think globally, act locally'. Collectively, we can all transition to a sustainable future.

For more information, to subscribe to our newsletter, or to become a member or volunteer, head to our [website](http://www.hopeaustralia.org.au), or contact us on (07) 4639 2135 or office@hopeaustralia.org.au.
