Re: Support Offer to Secondary School “On-campus Student-led Environment Clubs”

Householders' Options to Protect the Environment (HOPE) Inc. is pleased to offer its support to an existing secondary school *on-campus student-led environment club* or to help with the establishment of such as group.

“Environment clubs are often at the heart of a school’s sustainability activities and help achieve meaningful change within school communities. They inspire, motivate and give students opportunities to build leadership skills”

HOPE has an extensive list of environmental contacts, and a good library of resources which we are willing to share with students to help them with their efforts in promoting “sustainable living practices” to fellow students.

Interested students are asked to contact HOPE by phoning 4639 2135 or email office@hopeaustralia.org.au .

Frank Ondrus, President – HOPE Inc., ph. 07 4639 2135
