**DO
STUFF
THAT
MATTERS**

INTREPID LANDCARE

We are an adventurous organisation that empowers young adults to lead on stuff that matters. We provide a common space to inspire, connect and empower young people to act and lead with landcare.

STUFF THAT MATTERS

can be a cause, project or interest
that is important and makes a difference

LEADERSHIP

Through our Leadership Retreats and workshops, young adults get access to simple tools & techniques that enable them to create adventurous projects and experiences they want to step into.

ADVENTURE WITH PURPOSE

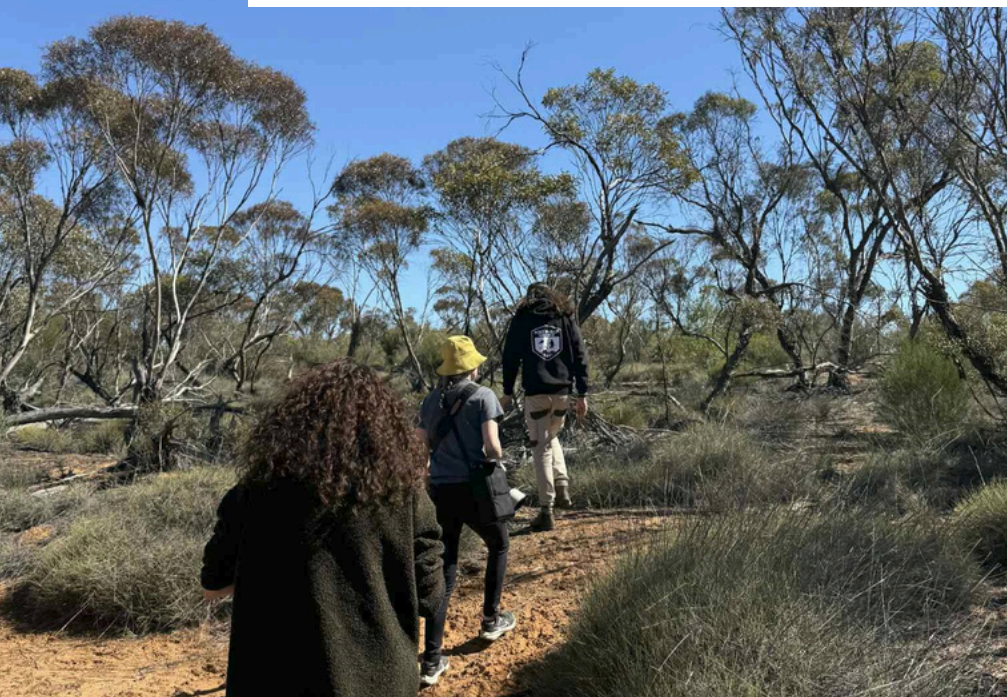

CONNECTION TO SELF & OTHERS

CONNECTION TO NATURE

CONNECTION TO COUNTRY

HOW DO WE KEEP YOUNG ADULTS ENGAGED?

- The landscape for young adults is always changing - listen to the needs of young people, their concerns and their insights
- Consider and minimise participation barriers - time, income, resources, confidence
- Integrate employable skill development
- Be clear on the invitation
- Re-think roles, distribution of power and share recognition
- Make it fun - incorporate time for play!
