

## TAKE ACTION

What can you do to be a climate leader?

*"We've reached the critical point in our journey. This a moment when either we change, or the whole world changes around us."* – Tim Flannery

*Climate Changers* offers a blueprint for effective climate leadership, charting the qualities of diverse leaders working at grassroots and systems levels to make change.

We all have the capacity to change, and to exhibit true climate leadership. As Tim Flannery says, we each must ask ourselves: *what can I do to save this beautiful world of ours?*
